1. This action is in response to the amendment that was received on December 22, 2004. Claims 1-13 and 15-20 are pending.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
3. In the claims:
 - A) in claim 8,
 1. in line 15, changed "processor" to --processors--;
 2. in line 16, deleted "said".
4. The above examiners amendment was necessary in order to place this application in condition for allowance. As described in the previous office action, the phrases "said management processor" and "said controllers" lacked proper antecedent basis. The above amendments correct these problems. If applicant does not agree with the changes made by the examiner, the examiner will enter a 312 amendment for correcting the above problems.
5. The terminal disclaimer filed on December 22, 2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of application 09/918,027 has been reviewed and is accepted. The terminal disclaimer has been recorded.
